

Intellectual Property Management Policies and Goals in 2022

Policies

- Strengthen management of patents and trademarks, enhance employees' awareness of intellectual property management, protect the rights of our company and maintain our competitiveness.
- Enhance the layout of intellectual property and protect our research.
- Reduce intellectual property relevant risks and enhance competitiveness.

Goals

- Make at least two (2) patent proposals.
- Conduct at least two (2) sessions of intellectual property management training.
- Consolidate, maintain, evaluate and update the lists of our patents and trademarks once every half year (two (2) times in 2022) .
- Keep track of domestic Patents and Trademark Acts revision every year (at least one (1) time in 2022) .
